Activity 1 - Dinner and Night Owls at the Bowls Club OR

Activity 2 - Meningie Golf Club steak & schnitzel night

Saturday 7:

Activity 3 - Tag-along Tours

Visiting Long Point, Nooameena and other points along the Coorong National Park. The tour will leave Meningie at approximately 9:00 am.

The **Coorong National Park** is a place where you can cruise serene backwaters or brave the elements along remote stretches of beach. Its long, shallow, salty lagoons - stretching more than 100 kilometres - are a haven for birdlife while a narrow strip of sand hills protects the sheltered waters from the pounding surf of the Southern Ocean.

The park is popular with four-wheel drivers, anglers, boaties and birdwatchers lured by its stunning scenery, fabulous lookouts and designated four-wheel drive tracks.

It's also an important area for Aboriginal communities with middens (mounds of shells deposited from many years of fishing) dotted throughout the sandy landscape, evidence of Aboriginal occupation over thousands of years.

Camp sites are located throughout Coorong National Park. The northern gateway to the park is via the historic town of Goolwa and the Murray mouth, with southern access via the towns of Meningie and Salt Creek

Activity 4 – Raukkan, lunch and tour (at cost)

Raukkan is a small Aboriginal community just west of Narrung on the Lake Alexandrina. Raukkan is a welcoming community where you can take in 360° views of the Narrung Peninsula. Learn more about David Unaipon's story the inventor and author born at Raukkan and the church built in 1869, both appearing on the \$50 note.

Here you can visit the local gallery and nursery showcasing the communities history, present and future.

Activity 5 - Lake Alexandrina Dairy Farm 60 Rotary afternoon Tour
